

Please copy the following onto a piece of paper in your handwriting, then perform the task.

### Sentence Analysis Review

After writing each of these sentences on your paper, write the name of the role each plays directly below it. Options are: verb (action), noun (person, place, thing, idea), direct object, indirect object. If you have been in Montessori before, please color code each role with red and black colored pencil. If not, don't worry you'll learn it!

Sally baked a cake for her family.

The cat purred.

The boy's sister ran a race to raise money.

### Grammar Review

Create 9 columns on your paper, five on the front of the page and four on the back. Label the columns the names of each part of speech. Under each column name, create a list of words you remember are definitely that part of speech. Any parts of speech you do not know the name of OR know words for it, LEAVE IT BLANK. If you have been in Montessori before, color code the parts of speech according to Montessori colors. If not, don't worry you'll learn it.
