

I'm in 6th grade now. I learned 7-digit square root, and different types of nouns, like masculine and feminine. We went to a field trip on people through early American history. My favorite was Christopher Columbus; he was funny. We're learning about early Americans and migration for the Ice Age. We are also learning how migration has been a part of our lives. I worked on a PowerPoint project for a timeline of Animation. I learned a lot about the work of animation, like how Walt Disney was not the first with sound. I'm looking forward to all I will learn this year to get ready for the Redwoods and seventh grade. I'm not prepared yet, but I will be.
