Through daily lessons, hands-on activities and active participation in running the city, students learn to connect the dots between what they are learning in school and what they will need to know in their life beyond graduation. During their day at JA BizTown, students work as employees in various businesses facilitated by volunteer educators and business professionals. They are paid for their labor and they manage personal and business checking accounts. Throughout the day students also learn first-hand about time and money management as they work, bank and shop as consumers.
