

Maria Montessori Academy
Field Experience on April 13, 2018
At Hill Aerospace Museum
7961 Wardleigh Road, Hill AFB, UT 84056

The lead instructor is Jalee Schofield: jschofield@mariamontessoriacademy.org.

We will be going to Hill Aerospace Museum to learn about rockets, electricity, astronomy, flight, magnetism, and see life size models of aircraft.

What you will do and what you will learn

- Attend a workshop on rockets
- Tour the museum
- Go on a scavenger hunt of the displays

What you will need to wear or bring

- School uniform (this is on a Friday so jeans are acceptable)
- Jacket for outside exploration
- Water bottle (to be kept in backpack and not taken out in museum)
- Sack lunch (to be kept in backpack and not taken out in museum)

Our Schedule

- 9:30 – Depart school for museum (parent drivers)
- 9:50ish – Arrive at museum and check in
- 10:00-11:00 – Attend workshop on Rockets
- 11:00-1:00 – Explore the inside and outside of the museum. Lunch will be had the last half hour at the picnic area.
- Parents will pick up children and transport them back to the school at 1 p.m.

Who to contact about carpools

- Kristen Delong: k2delong@gmail.com; 401-741-1392
