On March 11th, the first day of our farm outing, NASA & ATK will conduct the first qualification ground test of the five-segment rocket motor. Many will be in the neighborhood of this historic testing due to our farm trip. We ask that those driving to the farm on Wednesday consider the option of re-routing to facilitate for this opportunity. Those students remaining at the school on Wednesday are also encouraged to attend and will be given an excused tardy.

Those going directly to farm plan to arrive between 9 & 9:15.
