Balance

Digital Literacy Course Overview

This course is an introduction to computer literacy. Students will have opportunities to use technology and develop skills that encourage creativity, critical thinking, productivity, and collaboration in the classroom and day-to-day life. Skills will be demonstrated by creating a project for a different content area. This course is aligned with national and international standards and the Utah Core to prepare students across multiple levels of skills.

Grading Overview

Student grades will be based on participation and completion projects. Students are expected to complete their work in class. There will be no homework unless the student wishes to work addition out of class time on their projects.

Citizenship Grading

Citizenship grades will be based on attitude, being on time, and on how well the students shows respect to their fellow classmates by not distracting fellow classmates with inappropriate behaviors.
