Overview: Cloud computing means that files are saved through websites, rather than being stored on a local computer's hard drive. All of our new mobile devices don't have the storage to house a lot of files or program. .

Guiding question: What does our digital world offer today's students so they can work and save files which are accessible anytime, anywhere?

Checklist:

____ Create, open and share a Google Spreadsheet

____ Create a Google Presentation, share it and download it to PowerPoint
