

Overview: In this course we have 17 Career Development Applications to help you learn more about yourselves and help you prepare for future adventures in college & career opportunities. Today you will think about your hopes and dreams – in other words your aspirations.

\_\_\_Record here your dominant Holland Code Career Personality results. (See blog for a link to the personality quiz)

\_\_\_\_\_

\_\_\_Record input with the title 'Aspirations'

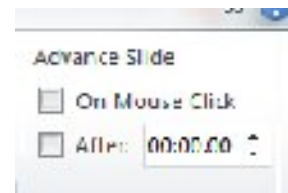

\_\_\_Using two thumbs get a computer to your work area. Log on using the user jr and the passcode mmarocks

\_\_\_Listen to Ms. Emily's lesson on accessing the student public drive

\_\_\_You will create a Power Point to share your aspirations with your family and friends

Student drive>junior high>college and career awareness> aspirations

1. Under the aspirations tab open Lesson 1 Template. Go to File, Save As... and resave it with your first and last name.
2. On slide 1, change the font of "What does my future look like?" to the font of your choice. You can reword it if you like.
  - a. You may also change the fonts of the titles on the other pages.
3. Click on "Click to add subtitle" and type your "By: Your Name"
4. Go to the Transitions tab.
  - a. Turn off the mouse click so that you cannot click through the PowerPoint.
  - b. Click on "Apply to All" so this happens on every slide.
5. Hyperlinks: You will now create Hyperlinks all through your file.
  - a. On the first slide, click on the purple "family" icon.
  - b. Right click and choose "Hyperlink."
  - c. Click on "Place in this Document" on the left, then choose the "My Future Family" slide.
  - d. Now do the same with all the others.
    - i. Blue Compass – Where I will Live
    - ii. Green House – My Home
    - iii. Red Guy – My Workplace
    - iv. Orange Key – My Ride
    - v. Yellow Kite - What I do for fun
6. Action Buttons – Go to your "Future Family" slide, slide 2.

- a. On the Insert ribbon click on Shapes.
- b. On the very bottom under "Action buttons" choose the one that looks like a  backward arrow.
- c. Click and draw it in the lower right corner, about the size of a quarter.
- d. When you are done drawing, it will automatically prompt you to add a hyperlink to it to "last slide viewed." That's fine, just press ok.
- e. Click on your back button and go to the orange drawing tools toolbar. 
  - i. Go to Shape Fill and choose a color. You can also use the Shape effects to add a bevel to it.
- f. Once it looks the way you want, click on the button and do CTRL+C to copy it.
- g. Now go to slide three and do CTRL+V to paste it. It will paste in the same spot.

## 7. Enter Information

- a. On each slide, you can enter bullet points about what you envision in your future in this area. You need not write a lot, but there needs to be at least one bullet point on each slide.

## 8. Gather your Images

- a. Go to the internet and go to Google. Click on Images. Do searches for the images you would like to add to your PowerPoint. Think of these questions as you search for images:
  - i. Slide 2: Do you have a family? Are you married? What kind of person did you marry? Do you have kids? How many?
  - ii. Slide 3: Where do you live? What city or town? Do you live in the country or the big city?
  - iii. Slide 4: What kind of house do you have? How big is it? What amenities does it have? Do you rent it or own it?
  - iv. Slide 5: Describe your workplace. Do you work at home? Outside? In an office? Do you travel?
  - v. Slide 6: How do you get around—public transportation, taxi, ride share, bicycle, or vehicle? What do you drive?
  - vi. Slide 7: What do you do for fun with your leisure time? What are your hobbies? What do you do with your family time? Do you play sports, go on vacations, etc?
- b. Think of these questions as you search for images online. Make sure you find images to match EVERY section.
- c. Once you find an image you want, click on the thumbnail to pull up the larger version. You can then either copy and paste it, or save it.
  - i. Then right click on the picture and choose "Save as..." Save the file in your pictures file.
    1. In PowerPoint, go to Insert>Picture and find the picture you saved. Double click to place it in the slide you are currently on.
  - ii. Right click on the image and do "Copy Image."
    1. In PowerPoint, right click and choose "paste."
  - iii. Find at least 2-3 pictures for each slide. You can do more if you have time. Arrange as needed.
  - iv. You can also use click and drag the edges of your text boxes to make them fit on half the page and leave room for your images.

## 2nd Day

Overview: Now that you have identified some of your future aspirations, let's examine what it would take to achieve those dreams. During this lesson we will be matching possible occupations that would support your desired standards of living.

Essential question: What estimate would you give to support the cost of the lifestyle you chose in the aspirations lesson?

\_\_\_ You get to go shopping. You will need to carefully carry a computer with two thumbs to your work area.

\_\_\_ After you have logged in, go to <http://www.utahrealestate.com/index/public.index> and find a house that you love. Record how much it costs. \_\_\_\_\_

\_\_\_Join Ms. Emily in opening an excel document on the public student drive called, 'CDA2Scorecard' Use the house payment sheet to determine your monthly housing costs.

\_\_\_Once this document is open save a copy titled My Scorecard in your College and Career folder (you will create)

\_\_\_Press the Utah Futures Button, click on the 'assessment' button at the top and select the 'Reality Check' from the drop down menu.

\_\_\_Press the 'get started' button under option 2

\_\_\_Using the choices offered on the website select & record your preference of:

Output:

House Cost	
Utilities	
Food	
Transportation	
Clothes	
Health	
Entertainment	
Personal Care	
Miscellaneous	
Student Debt	
Savings	
Investments	
Family/Children	
State Taxes	
Federal Taxes	
Total	

Cut out the box to the left and tape it into your output.  
To complete your output you will need to record THREE occupations that would allow you to live the lifestyle of choice.

Circle the term that best describes your level of lifestyle:

luxurious

expensive

average

modest
