College & Career Awareness
Cycle: Systems, Poisonous Picnic

Overview: A hospital is like a business which requires money to come in to pay for overhead expenses, salaries, equipment, insurance, etc. Hospitals are also set up similar to other businesses with careers available that are not commonly considered “health care careers.”

Guiding question: How is a hospital like a business?

Checklist:

____ Record input

____ Watch ‘Why Your Hospital Bill is So High’ video (link on blog)

____ As a class you are going to organize a new hospital – list the name the class agreed upon here:

____ Circle your assigned area:

- Finance
- Human Resources
- Marketing/Public Relations
- Purchasing, Facilities
- Records/Billing, Administration)

____ Complete the ‘Hospitals Are a Business’ study guide

____ Group Presentations

____ In your output, record the department name & a description to how they help a hospital run.
