

Name: _____ Cycle 2 Week 15

Math IIX Study Guide
Finding and Interpreting Slopes of Lines

CAN I:

- **Applying Slope and Slope Intercept form to real life**

_____ 1. The following vocabulary terms will be discussed during your course of study this week **Slope, intercept, coordinates**

Week 14 (November 17-November 21)

_____ 2. **Monday Night Homework:** Math Book 4.5 Pg. 180-181 1-5 ALL

_____ 3. **Tuesday Night Homework:** Khan Academy Interpreting and Finding Intercepts of Linear Functions

_____ 4. **Wednesday Night Homework:** Math SLOPE project

_____ 5. **Thursday Night Homework:** Khan Academy Graphing Linear Equations

Complete the following in class:

_____ 1. In Class Activities

_____ 2. Math Journal Entries

_____ 3. Vocabulary

SAGE MATH TESTING NEXT WEEK

Please turn in all work on dates listed. Anything not turned in on date listed gets partial credit. Anything not turned in gets no credit.
