Study Guide Community Cycle Geography Week 5: Oct. 24-28

Assignments below need to be turned in by Friday Oct. 28th.

Essential Questions:

- Why do people live in certain places in the world?
- How can somebody change the environment to survive?
- How can the environment change over time?
- What types of people or items make a striving society?

Overview:

This study guide is for the 5th week of the cycle *Community.* This week we will be learning about map projections, how people create regions to interpret the earth's surface, and map concepts. We will continue doing Daily Geography expanding our map knowledge. We will also be analyzing maps and creating our own.

_____ Daily Geography
Students answer 8 questions that they write in their journal.

____ Why live here

Students will create a project about human characteristics and why a group of people would live where they live now.

_____Climate Zone map
Students will create and color a climate zone map of the world.

_____Migration of ancestors
Students will research their ancestors and provide details about who they are and where they came from.

_____ Vocabulary Friday
Students will receive 10 vocabulary
words which they need to define.

_____ On the back of this paper please answer the first essential question from what you have learned
